Final Note by the Minister for Law.

Subject.-

Proposal to appoint Mr. B.G. Appadorai Mudaliar, Director, Industries and Commerce as Commissioner of Labour and consequential arrangements.

17. With the gracious approval of His Highness, the Mysore Labour (Emergency) Act has been promulgated. Under Section 4 and Section 6 of this Act, Government have to appoint an officer as Commissioner of Labour and another as Registrar of Associations of employees in the State. The Registrar of Associations will also be ex-Officio Chief Conciliator of the State under Section 11 of the same Act.

18. The work relating to labour in the State has been distributed between the Director of Industries and Commerce and the Excise Commissioner. The Director of Industries and Commerce is at present responsible for the working of technical legislation in regard to factories and the collection of statistics, while the Excise Commissioner, as ex-Officio Commissioner of Labour, is invested with powers relating to the labour welfare and conciliation of disputes, workmen's compensation, etcetra. It is now considered necessary to notify the Excise Commissioner as Registrar of Associations and ex-Officio Chief Conciliator of the State. The work relating to the Commissioner of Labour has therefore to be entrusted to another officer and it is considered desirable to appoint Mr.B.G. Appadurai Mudaliar, Director of Industries and Commerce, as Commissioner of Labour.

19. Mr. Appadurai Mudaliar's work is already very heavy. He is now the Director of Industries and Commerce, Chief Inspector of Factories and Boilers, Chairman of the Mysore Chrome Tanning Co, Ltd., Industrial Planning Officer, etcetra. He has also to attend to the work connected with aluminium control, machine tool control, etcetra. It is therefore necessary to entrust some portion of his work to another officer so as to enable him to devote greater attention to

labour organization.

20. Mr. S.G. Sastry is now the Director of Sandalwood Oil - Factory with his Headquarters at Mysore, and his work is relatively light. The duties of the Director of Industries and Commerce and that of the Sandalwood Oil Factory are therefore proposed to be - re-distributed as follows:-

1. Mr. S.G. Sastry to be ~~the~~ Director of Industries and Commerce and of the Sandalwood Oil Factory with his headquarters at Bangalore. He will be in charge of his present duties as - - Director of the Sandalwood Oil Factory and will also attend to the work of the Industries Department except those relating to:-

(a) the Cottage Industries Committee and the development of schemes under Industrial Development Fund;

(b) Inspection of Factories and Boilers;

(c) Industrial Planning and

(d) Mysore Chrome Tanning Co., Ltd.

21. 2. Mr. B.G. Appadurai Mudaliar will be designated Director of Industrial Planning, Commissioner of Labour and Chief Inspector of Factories and Boilers. His duties will be defined as under:-

(a) He will be the Chairman of the Cottage Industries Committee and will be responsible for the initiation and organization of - schemes for cottage industries (including handlooms) and for utilization of the Industrial Development Fund;

(b) He will be the Chief Inspector of Factories & Boilers;

(c) He will also be the Chairman of the Mysore Chrome - - Tanning Co., Ltd.,

(d) He will be in charge of the duties of the Industrial

Planning Officer and

(e) He will also be the Labour Commissioner under the Labour Act.

22. As the work of Mr. Appadurai Mudaliar will be heavy and strenuous, I proposed that he ~~may~~ might be given an allowance of Rs.100/- per mensem in addition to his pay during the period of war.

23. The subject was considered at a meeting of Council held on the 27th August 1941, when it was resolved that:-

" Mr. B.G. Appadurai Mudaliar may be appointed as Commissioner of Labour and the allocation of work between Mr.Appadurai Mudaliar and Mr. S.G. Sastry as indicated in the Law - Minister's minute may be generally approved."

24. The question of granting the allowance has been reserved for separate consideration.

25. The resolution of the Council may be graciously approved.

26. On receipt of His Highness's approval, the distribution of duties will be scrutinised in greater detail and orders issued

I respectfully beg to represent as follows:-

It is an accepted principle that every Government Officer to whom a variety of duties is assigned or to whose post a number of different duties is attached, should carry out those duties without extra remuneration unless they involve more than a reasonable day's work, and that if the volume of work assigned to an officer is more than a full day's work, the proper method of dealing with the case is either to increase the staff, if a whole time appointment could be justified, or to distribute the work amongst the members of the sanctioned staff and that an allowance should be granted only when neither of these alternatives is either practicable or possible (vide para 6 on page 32 of the Report of the Mysore Retrenchment Committee 1931).

Due to the additional duties entrusted to Mr. B.G. Appadorai Mudaliar, he has been relieved of a substantial portion of the work which he was doing as Director of Industries and Commerce and he has also been permitted to draw his grade pay of Rs.1,000-50-1,20(A III Class Deputy Commissioner on Rs. 800/- appointed as Director of Industries & Commerce gets only an increase of Rs. 100 (in the shape of allowance), while Mr. B.G. Appadorai Mudaliar was promoted from Rs. 750/- (his pay as Superintendent, Industrial Workshop) (plus Rs. 100/- Board Supervising Allowance) to Rs. 1,000-50-1,200 as Director of Industries and Commerce.

NOTE—Contn. Sheet.

WD 03967—GPB—5,000—30-8-41

The pay allowed to him cannot be regarded as inadequate so as to justify the sanction of an allowance in addition.

Sanction of Duty Allowance is generally not admissible under the existing rules and cannot be regarded as quite necessary in the case of highly paid officers merely on the ground that they are given some special or additional work mainly owing to war conditions.

The work of several officers has increased either directly or indirectly on account of the war and sanction of extra allowance on this account has to be avoided to the maximum extent practicable.

Some other new posts have been created on account of War or labour conditions, and sanction of allowance in one case will create a very inconvenient precedent.

For reasons stated above, I have to respectfully urge for a kind reconsideration of the decision of the Council.

Final Note by the Minister for Law.

Subject.—

Proposal to grant an allowance of Rs.100 to Mr.B.G. Appadorai Mudaliar, Director of Industrial Planning.

With His Highness' gracious approval Mr.B.G. Appadorai Mudaliar, Director of Industries and Commerce, was appointed Director of Industrial Planning, Commissioner for Labour, etc. in Government Order dated 17th September 1941. The question of granting an allowance of Rs.100 per mensem to him proposed by me had been reserved for separate consideration, as stated by me in my Final Note of the 1st September 1941.

The matter came up for consideration at a meeting of the Council held on the 27th October 1941 when the following resolution was recorded

> "An allowance of Rs.100 per mensem may be given to Mr.B.G.Appadorai Mudaliar so long as he holds the post of Director of Industrial Planning".

The Financial Secretary, to whom the file was referred, has noted against the grant of the allowance for reasons mentioned in his note of the 31st October 1941. Firstly, he has referred to paragraph 6 on page 32 of the Mysore Retrenchment Committee Report of 1931 and expresses the opinion that the proper method of dealing with an office requiring more than a full day's work is either to increase the staff or distribute the work among the members of the establishment, and that an allowance should be granted only when neither of these alternatives is practicable or possible. Secondly, he has stated that, while a third class Deputy Commissioner on a pay of Rs.800 appointed as Director of Industries and Commerce gets only an increase of Rs.100 in the shape of an allowance per mensem, Mr. Appadorai Mudaliar was given an increase of pay from Rs.750 plus Rs.100 to the grade of Rs.1,000-50-1,200 at the time he was promoted as Director of Industries and Commerce. And thirdly, he states that sanction of a duty allowance cannot be regarded as quite necessary in the case of highly paid officers merely on the ground that they are given some special or additional work mainly owing to war conditions.

In the present case, Mr. Appadorai Mudaliar has been appointed

to a special post for co-operating in war activities in the fidd of maintaining and developing production and also on new work arising out of the new Labour Act. Both these items of work are of a specially arduous and responsible nature requiring prompt attention, quick decision and considerable tact and personal exertion. The selection of Mr. Appadorai Mudaliar for these duties was made on grounds of his special fitness based on qualifications and his previous contact with labour problems.

In addition, Mr. Appadorai Mudaliar is in charge of part of his ~~duties~~ former duties, namely, Cottage Industries, inspection of factories and boilers and the Chairman of Mysore Chrome Tanning Co. Ltd.

The second ground urged by the Financial Secretary is not relevant to the present matter. The first and third formulae suggested by the Financial Secretary are applicable in respect of permanent posts and not of cases like the present. The sanction of an allowance for special posts involving duties of a new and arduous kind is neither novel nor exceptional.

I submit the resolution of the Council for His Highness' gracious approval.
